TARGET MARKETS

Manufacturing Design	Media & Entertainment / Studios	Oil & Gas Exploration	Government
Aerospace & Simulation	Aerospace & Simulation	Higher EDU / Research & Computer Science	VR Design

PREVAIL**PRO** is ideal for professional customers such as product designers, engineers, scientists, animators, architects, researchers that use professional hardware and software in their business endeavors and require the freedom to work anywhere using the most powerful thin and light mobile workstations.

TARGET PROFESSIONAL APPLICATIONS: VR, CAD, GIS, Visualization, Rendering, DCC & M&E

## PNY PREVAILPRO KEY FEATURES AND BENEFITS:

1. PREVAIL**PRO** delivers professional performance and features in a thin, light, cool and quiet form factor mobile workstation.

2. PREVAIL**PRO** offerings are the only products in their class capable of driving up to four 4K UHD displays simultaneously at 60Hz refresh rates.

3. PREVAIL**PRO** P4000 VR (Virtual Reality) drives popular HMDs like the Oculus Rift or HTC Vive and takes full advantage of VRWorks, Unreal 4 or Unity VR development tools.

4. PREVAIL**PRO** tackles large models or scenes with ease thanks to 8GB of GRRD5 memory (P4000) or 6GB of GDDR5 memory (P3000).

5. PREVAIL**PRO**'s balanced system architecture pairs Pascal GPUs with Intel's seventh generation Core i7 CPU and HM175 Express Chipset to deliver superb performance.

PNY ADVANTAGE

As the NVIDIA Quadro Authorized Partner across NALA and EMEA since 2003, PNY has been servicing the professional graphics market for 14 years and currently offers desktop, rackmount and embedded Quadro GPU solutions. PNY PREVAIL**PRO** is the next natural progression in our solution offering, we provide an unmatched level of expertise selling professional graphic solutions.

CERTIFIED BY INDEPENDENT SOFTWARE VENDORS

PNY is working with Independent Software Vendors (ISVs) to certify PREVAIL**PRO** mobile workstations to ensure the utmost compatibility, performance and reliability professionals need when using industry leading applications.
