PNY Launches Duo-Link OTG USB Flash Drive

Parsippany, NJ – August 15, 2014 – PNY Technologies®, Inc. (“PNY”) today announced the launch of the Duo-Link OTG USB Flash Drive, available in both 16GB and 32GB capacities. The micro-sized, capless swing design of the Duo-Link OTG USB Flash Drive holds both a micro-USB connector and a USB connector that allows users to easily transfer media and files to and from an Android™ device and PC.

The On-The-Go USB Flash Drive connects to an Android mobile device and PC or laptop. The Micro-USB connector easily plugs into any Android device while the USB connector plugs directly into any available USB port. The built-in Micro-USB connector allows you to quickly transfer or store music, photos, movies, videos, files and more. Users can also play music or videos directly from the PNY Duo-Link OTG USB Flash Drive. The Duo-Link OTG USB Flash Drive was designed to free up space on an Android phone and/or save files from a PC or laptop onto the phone. The capless, all-in-one design is small enough to connect to an Android device for portable, OTG usage.
