

Press Release

XLR8 Gaming EPIC-X RGB Desktop Memory Unparalleled Performance meets Brilliant RGB Style

Parsippany, New Jersey, July 13th, 2020 - PNY Announces today the expansion of its PC Memory assortment by adding the XLR8 Gaming EPIC-X RGB™ DDR4 Desktop Memory line-up.

Image: PNY
XLR8 Gaming EPIC-X RGB™

The XLR8 Gaming EPIC-X RGB line provides a dynamic experience for gamers, modders and enthusiasts alike combining RGB customization with overclocking capability, high-frequency performance and a heat spreader to dissipate the heat of the module and turn on the heat of the game.

XLR8 Gaming EPIC-X RGB is compatible with major motherboards and is ready-to-sync with Asus AURA SYNC™, Gigabyte RGB FUSION 2.0, MSi Mystic Light Sync and ASRock Polychrome SYNC⁽¹⁾ for the ultimate RGB experience.

The overclocked modules provide unparalleled performance and a superior computing experience thanks to the aggressive overclocking, heat spreader and XMP 2.0 support, delivering our fastest speeds, highest bandwidth and lowest latencies, maximizing PC stability and responsiveness during memory-intensive gaming and application use.

Backed by PNY's Limited Lifetime Warranty and supported by live U.S. based Tech Support the XLR8 Gaming EPIC-X RGB boasts 3200MHz frequency and is backwards compatible with 3000MHz, 2933MHz, 2800MHz, 2666MHz, 2400MHz, 2133MHz.

Product Features:

- Faceted, 3D geometric design and aluminum alloy construction with state-of-the-art surface finish create an extraordinary look and feel while providing heat dissipation to keep the modules cool under pressure.
- Brilliant LEDs and frosted light guide lens provide a wave of continuous color eliminating shadows and dark spots by utilizing a dual-sided 5x2 LED configuration.
- RGB sync allows for total control of color and patterns creating an endless array of different combinations resulting in the ultimate lighting experience.

Product Specifications:

- DDR4 RGB enabled Desktop Memory
- Built-in heat spreader
- Frequency: 3200MHz (PC4-25600)
- Timing: 16-18-18, CAS 16, tRas36
- Voltage: 1.35V

Availability:

PNY XLR8 Gaming EPIC-X RGB is available starting today via our partners Amazon.com and Best Buy.com as well as at www.pny.com/shop in the following configurations:

- 32GB (2x16GB) DDR4 3200MHz Desktop Kit
- 16GB DDR4 3200MHz Desktop Single
- 16GB (2x8GB) DDR4 3200MHz Desktop Kit
- 8GB DDR4 3200MHz Desktop Single
