NVIDIA PROFESSIONAL SOLUTION GUIDE

The best solution for customers on their use case.

The current Quadro lineup includes Maxwell, Pascal and Volta architectures. **Please request that your customer contact their software provider for the latest information on application certifications and support.**

Get the PNY Advantage.

PNY provides unsurpassed service and commitment to its wide variety of graphics customers. In addition, PNY delivers a complete solution including the appropriate adapters, cables, brackets, drivers DVD and documentation to ensure a quick and successful install.

- > 3 year warranty
- > Support for NVIDIA graphics solutions in all brands
- > Pre-and post sales assistance
- > Toll-free professional technical support
- > Dedicated Field Application Engineers

PROFESSIONAL GRAPHICS VS CONSUMER GRAPHICS

NVIDIA makes industry-leading graphics cards for a variety of uses.

When you come across a customer who is using gaming cards for professional applications, make sure they are aware of the unique benefits that NVIDIA Quadro graphics cards offer.

BENEFITS OF PROFESSIONAL GRAPHICS OVER CONSUMER GRAPHICS

Quadro hardware is built for years of non-stop use

- > Quadro cards are built for use 24 hours a day, 7 days a week
- > Extended availability and support is offered on all professional cards, including bug fixes for professional applications

Quadro boards are built for workplace environments

- > Quadro cards have more memory, smaller footprints and consume less power
- > Deployment can be for tens or hundreds of PCs in offices
- > **Application certified:** Quadro cards and drivers are tested to work flawlessly on 100% of certified professional software applications

Quadro provides enterprise support tools for remote administration and deployment as well as professional features such as:

- > **NVIDIA® nView®** for desktop management, allowing users to create grids and snap applications to them
- > **NVIDIA Mosaic** for combining multiple displays into one large display seamlessly without tearing
- > **Advanced 3D stereo** supports stereoscopic 3D display on HDMI 3D TVs, projectors and displays allowing for viewing images and ultrasounds in 3D

QUADRO	GAMING	INTEGRATED
--------	--------	------------

Performance

Professional application specific feature development and tuning	•		
Driver optimizations to maximize professional application performance	•		
Unique features to support professional workflows	•		
IT tools for easy deployment & management	•		
Gaming Profile*	•		
Extreme performance scaling with Multi-GPU	•		

Reliability

Professional application specific testing by NVIDIA	•		
100+ professional application certifications by ISVs	•		
Certified across workstation platforms by leading OEMs	•		
Unified rock-solid driver with deterministic release schedule	•		
Tested and certified by NVIDIA and OEM partners to run 24/7 with reliability & stability	•		
Extended availability	•		

Support

Deep workflow experience across vertical industries	•		
Long-Life Cycle availability and support	•		
Bulk availability for large Enterprises	•		
Global technical pre-sales and post-sales support	•		
Online end-user forums for fast support from SMEs	•		

* Most games will run fine on Quadro graphics cards. Enable Game Development profile if any unexpected results occur while gaming.
