### PRODUCT INFORMATION

PNY Part Number	256GB: P-FD256PROV3-GE 512GB: P-FD512PROV3-GE 1TB: P-FD1TBPROV3-GE
-----------------	--

<sup>1</sup>For Flash Media Devices, 1 megabyte = 1 million bytes; 1 gigabyte = 1 billion bytes. Actual useable capacity may be less than total listed (some capacity is used for formatting and other functions, and thus is not available for data storage).

<sup>2</sup>Noted speeds require USB 3.2 Gen 2 devices (speeds may be lower with earlier generation host devices). Speed comparison is vs PNY USB 2.0 (3MB/s) write speed. Performance and photo/video support (eg, "full HD") may vary depending on the host devices, user's settings and configurations.
