ELITE-X TYPE-C USB 3.2 FLASH DRIVE

The PNY Elite-X Type-C USB 3.2 Flash Drive offers the ultimate solution for freeing up space and transferring files between USB Type-C devices. Enabling users to easily transfer photos, videos, music, and more from mobile Type-C devices such as smartphones and tablets to full size devices such as PC & Mac laptop and desktop computers, ensuring they never miss capturing important content due to limited memory. With impressive read speeds of up to 200MB/s, transferring files to the Elite-X Type-C drive is quick and hassle-free. Forget the inconvenience of needing an adapter with your type-C device, PNY's sleek and compact design leaves your other ports available while your Elite-X Type-C flash drive connects directly with your Type-C device. The Elite-X Type-C flash drive features a USB 3.2 Type-C connector compatible with various operating systems and host devices allowing users to expand their storage and manage files effortlessly across multiple Type-C devices.

- The new PNY Elite-X Type-C USB 3.2 Flash Drive is the ideal mobile storage solution for easy and quick file management with your USB Type-C devices
- Free up space on Type-C equipped mobile devices by transferring photos, videos, music and more to the Elite-X Type-C, making room for more memories
- Transfer digital content from Type-C mobile devices such as smartphones and tablets to full size devices such as newer gen PC & Mac laptop and desktop computers for more permanent storage
- Access and stream digital content anytime, anywhere, directly from Elite-X Type-C, no Wi-Fi connection needed
- Exceptional performance with read speeds of up to 200MB/s
- A sleek, stylish, and light housing with a sliding design to store, share, and protect important content
